And What Have You

By BOB CRAIG

I guess our conscience is brothing us — it seems that if we are to have the honor of being president of the West Texas Press Association we should at least try to be a little better newspaper publisher.

And while it is easy to find all kinds of excuses for not writing a weekly column we know better all of the time and know that for some reason, or another we should.

Like all of us we find it easy to say we don't have the time to do something but it seems that anyone can find the time for just about anything that they want to do.

We don't know how much our readers will benefit from this effort but we know that we will gain from the self-discipline involved.

We would like to thank all of you who expressed your congratulations to us on our selection for this honor.

We doubt that many of our readers realize that we are the second president to come from the Herald. The late Bowen Pope was the third president of the association, serving in 1929. We are the 38th.

Along with our father, Roy Craig of Stamford who was head of the organization in 1951, we are the third father-son combination to serve.

The need to promote the West Texas Tourist Industry was the theme running through much of the West Texas Press Association Convention held in San Angelo this past weekend. John Ben Shepperd, president of the West Texas Chamber of Commerce, called the tourist industry West Texas' greatest potential for growth.

State Senator Dorsey Hardeman of San Angelo pointed out the many attractions in West Texas just waiting to be promoted.

Both Ben expressed the need for West Texas to see West Texas.

And on Sunday the publishers were invited to tour the Caverns of Sonora.

For someone who saw Carlsbad Caverns years ago and was not too impressed, we were really impressed with Sonora.

The facilities there are excellent and it is rated by many as the most beautiful cave in the world. Maybe the only reason that you do not hear more about it is that it is not the biggest cave in the world and that would seem to be about the only way we Texans know how to brag.

But as for this writer, that, we think, was one of its biggest attractions. It is almost unbelievable how much beauty there is to be found in only a mile's walk underground.

After you get down into the "live" part of the cave you have the feeling that you would just like to sit down and spend some time just looking around you.

Since Sonora is only one of hundreds of the attractions to be found in West Texas it would benefit all of West Texas if we would become more tourist conscious but more important it would be a shame if we lived our lives here in West Texas but never took the time to see its beauty and learn more of its history.

If you are looking for something to do some weekend we would urge you to consider a trip to the Caverns of Sonora.

Commissioners Give Tentative Approval to \$558,000 Budget

Jones County Commissioners Court Monday gave tentative approval to a budget of \$558,000 — somewhat lower than for the last few years. For the current year, the amount was \$596,000.

County Auditor Carl Savage went over the proposed expenditures, department by department, and emphasized that fees of office were down considerable and that \$40,000 would have to be transferred from the general fund to take care of the payroll.

The tax rate, he said, can remain at the same figure as last year — 70 cents, despite the reduction in fees and a sharp reduction in oil and gas valuations.

The rate will be distributed as follows: Jury Fund, 2 cents; Road and Bridge Fund, 28 cents, and General Fund, 40 cents.

In Road District No. 1, which is roughly the northern one-third of the county, the tax will be reduced from 25 to 15 cents. Savage indicated this probably will be the last year that a tax will be necessary. The district will have sufficient money on hand to retire bonds voted to obtain right of way but will not do so until the bonds mature.

The auditor explained that the bonds carry an interest rate of slightly more than 3 percent whereas the district funds are invested at about 5 percent.

Farm Checks to Boost Economy \$3.5 Million

More than three and a half million dollars will be pumped into the economy of Jones County in the form of government checks for participation in the wheat, cotton and grain sorghum programs, it was learned by The Herald this week.

First checks are to be mailed shortly after August 15 and the balance will be processed as rapidly as possible with

sometime in November given as likely time for the work to be completed.

Brad Rowland, manager of the county ASCS office, said that the total amount of checks would be approximately \$3,542,432.76 with this money representing payment for diverting acres as well as support payments.

Most of the money, as could be expected, will be paid

in the cotton program. This will be higher than in previous years because there are many more acres being diverted.

Roland said that some 2,300 farms in the county are participating in government programs with many of these included in more than one crop. Cotton farmers total 1,550; feed grain, 1,100, and wheat, 1,000.

For diverting cotton acres to some other acceptable crop, Jones County farmers will be paid \$957,632.76.

In the form of support payments, the checks will total \$1,384,800.00, making total payments in the cotton program \$2,342,432.76.

The grain sorghum program will see farmers receive \$800,000 and the wheat program one-half that amount, or \$400,000.

In addition, Rowland said that farmers of the county will receive about \$82,000 for conservation practices but this money must be spent on approved practices and must be matched by equal expenditure on the part of the farmer.

Committee Urges County to Buy Building for More Office Space

Additional office space for county activities may be obtained in a building away from the courthouse. After hearing a report of a county-wide committee which made this recommendation, the Jones county commissioners court Monday instructed Judge Leon Thurman to obtain prices on buildings that are available in Anson.

It was the consensus of the committee that both the county agent and home demonstration agent, as well as the state welfare office, be moved from the basement into this building.

Space in the basement which

thus would be vacated would be remodeled to accommodate the tax collector who already has some storage space in the basement.

It was suggested, too, that the surplus foods distribution center which now is in a rented building, could be moved into the building to be acquired. This would reduce utilities bills as well as be a saving of the rent.

The committee, headed by former county judge H. G. Andrews Jr. of Stamford, made no recommendation about repairs on the building. Several ideas were advanced but were rejected.

At Monday's meeting of the commissioners no action was taken looking toward repairing the exterior of the building which is in poor condition.

Judge Thurman said he would try to have information ready for the court when they get together again on Friday of this week or at least by the time they hold a public hearing on the budget on Aug. 31.

The question of financing needed repairs has never an issue. The county has more than \$53,000 in the permanent improvement fund.

Hamlin-Anson Highway to Be Re-surfaced

Additional surfacing and seal coating of shoulders on a 15.4-mile section of U. S. Highway 83 from Hamlin southwest to U. S. Highway 277 north of Anson was approved Friday by the Texas Highway Commission.

The project will cost an estimated \$487,000.

Bids will be let in September with work to begin as soon as the present contractor completes work now being done on Highway 277 from Anson to Stamford.

Also approved Friday was reconditioning the base and additional surfacing on the old lanes of a 12.3-mile section of U. S. Highway 277 from Stamford southwest to U. S. Highway 83 north of Anson. This project will cost an estimated \$816,000.

Proposed CONSTITUTIONAL AMENDMENT NUMBER SEVEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966. HOUSE JOINT RESOLUTION NO. 13 proposing an Amendment to Sections 2 and 4 of Article VI of the Constitution of the State of Texas so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 2 of Article VI of the Constitution of the State of Texas be amended, effective February 1, 1968, by deleting the following language:

"and provided further, that any voter who is subject to pay a poll tax under the laws of the State of Texas shall have paid said tax before offering to vote at any election in this State and hold a receipt showing that said poll tax was paid before the first day of February next preceding such election. Or if said voter shall have lost or misplaced said tax receipt, he or she, as the case may be, shall be entitled to vote upon making affidavit before any officer authorized to administer oaths that such tax receipt has been lost. Such affidavit shall be in writing and left with the judge of the election. The husband may pay the poll tax of his wife and receive the receipt therefor. In like manner, the wife may pay the poll tax of her husband and receive the receipt therefor." and by substituting therefor the following language:

"provided, however, that before offering to vote at an election a voter shall have registered annually, but such requirement for registration shall not be considered a qualification of an elector within the meaning of the term 'qualified elector' as used in any other Article of this Constitution in respect to any matter except qualification and eligibility to vote at an election. Any legislation enacted in anticipation of the adoption of this Amendment shall not be invalid because of its anticipatory nature. The Legislature may authorize absentee voting. And this provision of the Constitution shall be self-enacting without the necessity of further legislation. language underscored:

"Section 2. Every person subject to none of the foregoing disqualifications who shall have attained the age of twenty-one (21) years and who shall be a citizen of the United States and who shall have resided in this State one (1) year next preceding an election and the last six (6) months within the district or county in which such person offers to vote, shall be deemed a qualified elector; and provided further, that any voter who is subject to pay a poll tax under the laws of the State of Texas shall have paid said tax before offering to vote at any election in this State and hold a receipt showing that said poll tax was paid before the first day of February next preceding such election. Or if said voter shall have lost or misplaced said tax receipt, he or she, as the case may be, shall be entitled to vote upon making affidavit before any officer authorized to administer oaths that such tax receipt has been lost. Such affidavit shall be in writing and left with the judge of the election. The husband may pay the poll tax of his wife and receive the receipt therefor. In like manner, the wife may pay the poll tax of her husband and receive the receipt therefor."

provided, however, that before offering to vote at an election a voter shall have registered annually, but such requirement for registration shall not be considered a qualification of an elector within the meaning of the term 'qualified elector' as used in any other Article of this Constitution in respect to any matter except qualification and eligibility to vote at an election. Any legislation enacted in anticipation of the adoption of this Amendment shall not be invalid because of its anticipatory nature. The Legislature may authorize absentee voting. tering such service so long as he or she is a member of the Armed Forces."

Sec. 2. That Section 4 of Article VI of the Constitution of the State of Texas be amended by changing the word "may" to "shall" in the last clause thereof and by deleting the words "in all cities containing a population of ten thousand inhabitants or more."

The text of this Section, as so amended, is shown below, with the deleted language marked through by a broken line and with the new language underscored:

"Section 4. In all elections by the people, the vote shall be by ballot, and the Legislature shall provide for the numbering of tickets and make such other regulations as may be necessary to detect and punish fraud and preserve the purity of the ballot box; and the Legislature may shall provide by law for the registration of all voters in all cities containing a population of ten thousand inhabitants or more."

Sec. 3. If any other Amendment to Sections 2 or 4 of Article VI of the Constitution of the State of Texas, being for a different purpose, is adopted at an earlier election or at the same election, the adoption of this Amendment shall not be construed as nullifying any change made by such other Amendment.

Sec. 4. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the state at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed thereon the following:

Also living in Sacramento, are Mr. and Mrs. Jimmy Marphoe and children, a nephew of Mr. Goodwin. They visited with them. They returned home by way of Carlsbad, N. Mex., where they visited with Mr. and Mrs. Elmer Smith and Mr. and Mrs. Tom Dixon, a sister and brother of Mrs. Goodwin.

Mr. and Mrs. Fred Rosenbaum went to Lubbock Sunday, where they attended the annual Moss reunion, which is held in McKenzie Park.

Ronald Joiner, Stamford, spent Thursday and Friday with his grandparents, the Elmer Joiners.

Rev. and Mrs. R. M. Babb attended the revival at Tuxedo

last Wednesday night.

The Home Demonstration women had their hat sales, as planned, last Tuesday at Hamlin, and Wednesday at Stamford. Owing to a mixup in shipping Tuesday morning came with no Hats to sell, but after a mad dash to Stamford, part of a shipment was located, and the sale was held in Hamlin. The next morning Stamford had just as much trouble finding any hats, but located a full shipment in Hamlin, so with the generosity of Mr. Newberry in hauling hats around for the ladies, the sales were held. We wish to thank all of those that came and helped us out.

Saturday, which was Aug. 6, was my oldest son's birthday, so naturally my thoughts were on him. Sunday morning when I got up and opened the back door, starting to the rain gauge, he was standing beside his car. Made me wonder if I was seeing things, but he and son, Jerry had come in Saturday night, to take Mr. and Mrs. Charlie Durham back to Odessa, for a visit, and had come out for breakfast with us. He was waiting for us to get up.

Mr. and Mrs. H. L. Ford and Diane visited with the Flavil Holmes, Sunday afternoon. Saturday night visitor was Mrs. Earl Herbst, Hamlin.

Mr. and Mrs. Winson Gray went to Anson, Sunday from church, and visited with his parents Mr. and Mrs. E. C. Gray. A sister, Mrs. John Mackey, Los Angeles, Calif., was also present.

The revival will begin Friday night, at the Fairview Church. The visiting evangelist will be here Saturday, but services will be held Friday-day night. We urge all of our friends to come by with us in this series of revival services. Several people met at the church house this Monday morning and readied the house and yard, hoping to have lots of people coming to our services. Day services will be held, Monday through Friday.

Are there really any sound reasons for buying a Chevrolet in August?

During August, it's as easy to own a Bel Air 4-Door Sedan as getting in the car.

Wait till you see how sporty you look sitting in your Impala Super Sport.

In a word: Six

1. Have you ever known the instant delight of selecting a new Impala Super Sport in the color you want, slipping into its Strato-bucket seats, and driving it home from the showroom the same day? Now's your chance. Your Chevrolet dealer has a big choice of models on hand with small August price tags.
2. More than likely, your present car will never be worth as much in trade as it is right now. Money—another good reason to buy a Chevrolet this month.
3. Read those articles about when to buy a new car and they'll tell you that August is one of the best months. And your Chevrolet dealer is ready to show you why... with buys that are better than ever.
4. If you think winter's tough on an old car, believe us, so is summer. There's added strain on the engine because of vacation driving. Greater tire wear. The cooling system has to work extra hard. A new Chevrolet can save you a lot of trouble.
5. You do a lot of driving for pleasure so why not ride on Chevrolet's Full Coil suspension. Let your feet feel that deep-twist Chevrolet carpeting. August is to enjoy.
6. Make your summer driving safer driving by taking advantage of the eight standard safety features built into every new Chevrolet. If your present car doesn't have seat belts, back-up lights, outside rearview mirror, padded instrument panel, look into a new Chevrolet.

A Radiant CLEAN LIFE

The housewife cleans her home until it shines with a radiance that gives contentment and joy to those who view it.

It pleases God to see our lives clean and wholesome. We all need help, to keep our lives clean. David prayed to God for help in this matter.

"Create in me a clean heart, O God; and renew a right spirit within me."

Lean upon the Lord. Seek his help and he will not deny it. Attend church this Sunday and let your life be centered in the Lord.

The Church is God's appointed agency in this world for spreading the knowledge of His love for men and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

SYLVESTER NEWS...

By Mrs. R. M. Babh

We really had a nice rain, some 3.35 inches this past week and how we appreciate it every bit.

Mr. Roy Roquemore has gone to Colorado to spend some time with his daughter and family. We know he will have a good time with those grandchildren.

Mrs. Carra Perkins returned home last week having spent several weeks in her daughter's home in Irving. Doris had surgery in June and is doing real well.

Robert Montgomery and family of Alabama spent last week visiting his parents, the J. M. Montgomerys and his sister's family, the Porters in Roscoe.

Mrs. Joyce Poore of Abilene is helping care for her sister, Mrs. Ella Scott, who is in the Hamlin Hospital. At this writing she is much better.

Mrs. Bill Wood of Colorado City and Mrs. Hobert Wood of O'Donnell spent a few hours in the home of their aunt, Mrs. John Edwards last Friday. They were on their way to Stamford to attend a family reunion.

Mrs. Alfred Douglas, with her sister, were in Austin last week when the tragedy occurred, only a few blocks north of the Tower. Mrs. Douglas' sister will be living in Austin now.

Mr. and Mrs. Jack Gann have had grand children from Abilene and San Angelo visiting with them these past weeks.

Mrs. Allie Ward of Hamlin spent several days in her daughter's home, the Roy Kiser's.

The Perkins reunion was held at the Walter Estes home east of Sylvestre over the week end. It was well attended.

Another reunion this past weekend was the Maberry reunion in Sweetwater and was well attended.

Mrs. Gladys Williams is in Southland at her daughter's home. Eva Jean is ill in a Lubbock hospital.

Mr. and Mrs. Hugh Hood helped their daughter and family to move to Ft. Stockton this week end. William and Pam Stevens and son have been living in Sweetwater.

Local Head Start Program Prepares 45 Students for School

The Hamlin Summer Head-start Program ended its first term last Friday after eight weeks of operation. A total of 45 children attended. Children entering the first grade this year should be the best prepared group in many years. Creative activities were stressed so that children would have a positive attitude toward school and learning in general. Much time was spent in reading readiness so that pupils will have a much better chance to do successful work in the first grade. Children were given the Peabody Picture Vocabulary Test and the Metropolitan Readiness Test. These tests will be made a part of each child's cumulative school record. Children should more readily adjust to the regular school atmosphere and have experienced how to get along with other children.

Proposed CONSTITUTIONAL AMENDMENT NUMBER FIFTEEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.

SENATE JOINT RESOLUTION NO. 33 proposing an Amendment to Section 6, Article XVI, Constitution of the State of Texas, to authorize state participation in programs financed with funds from private or federal sources and conducted by local level or other private, nonsectarian associations, groups, and nonprofit organizations for establishing and equipping facilities for assisting the blind, crippled, or otherwise physically or mentally handicapped in becoming gainfully employed, for their rehabilitation or restoration, or for providing other services essential for the better care and treatment of the handicapped.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 6, Article XVI, Constitution of the State of Texas, be amended to read as follows:

"Section 6. (a) No appropriation for private or individual purposes shall be made, unless authorized by this Constitution. A regular statement, under oath, and an account of the receipts and expenditures of all public money shall be published annually, in such manner as shall be prescribed by law.

"(b) State agencies charged with the responsibility of providing services to those who are blind, crippled, or otherwise physically or mentally handicapped may accept money from private or federal sources, designated by the private or federal source as money to be used in and establishing and equipping facilities for assisting those who are blind, crippled, or otherwise physically or mentally handicapped in becoming gainfully employed, in rehabilitating and restoring the handicapped, and in providing other services determined by the state agency to be essential for the better care and treatment of the handicapped.

Money accepted under this subsection is state money. State agencies may spend money accepted under this subsection, and no other money, for specific programs and projects to be conducted by local level or other private, nonsectarian associations, groups, and nonprofit organizations, in establishing and equipping facilities for assisting those who are blind, crippled, or otherwise physically or mentally handicapped in becoming gainfully employed, in rehabilitating and restoring the handicapped, and in providing other services determined by the state agency to be essential for the better care and treatment of the handicapped.

"The state agencies may deposit money accepted under this subsection either in the state treasury or in other secure depositories. The money may not be expended for any purpose other than the purpose for which it was given. Notwithstanding any other provision of this Constitution, the state agencies may expend money accepted under this subsection without the necessity of an appropriation, unless the Legislature, by law, requires that the money be expended only on appropriation. The Legislature may prohibit state agencies from accepting money under this subsection or may regulate the amount of money accepted, the way the acceptance and expenditure of the money is administered, and the purposes for which the state agencies may expend the money. Money accepted under this subsection for a purpose prohibited by the Legislature shall be returned to the entity that gave the money.

"This subsection does not prohibit state agencies authorized to render services to the handicapped from contracting with privately-owned or local facilities for necessary and essential services, subject to such conditions, standards, and procedures as may be prescribed by law."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified voters of this state at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed on them the following:

"FOR the Constitutional Amendment authorizing assistance to the blind, crippled, or otherwise physically or mentally handicapped, in the form of grants of public funds obtained from private or federal sources only, to local level or other private, nonsectarian associations, groups, and nonprofit organizations for establishing and equipping facilities to assist the handicapped in becoming gainfully employed, for their rehabilitation or restoration, or for providing other services essential for the better care and treatment of the handicapped."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

At 78, Paul Bryan Decides He Is Too Old to Start New Career

By BARBARA CRAIG
Paul Bryan, former lumberyard owner and builder here, has decided following his 78th birthday Wednesday that that is not the age to launch a new career.

In addition to spending 51 years in the lumber business, he has been a building contractor and was in banking for several years.

He retired once in December, 1959, when he sold his retail lumberyard to his nephew, Wilson Brannon. Later he continued to do some building and then when construction began on a low rent housing project here, he became the administrator. He filled this position during the building and renting of the units.

Now, he says it is too late, at 78, to begin a new career, so he is retiring.

His family was in the lumber business, long before he was born. In 1854, Mr. Bryan's grandfather bought 4,444 acres of East Texas timberland and came to Texas from Alabama with his own wagon train, consisting of 15 covered wagons, one buggy and one closed carriage. He bought 50 slaves, a hired overseer and large herd of cattle.

Mr. Bryan was born Aug. 10, 1888, in Shelby County and started work at an early age in his father's sawmill. At the age of 15 he left home and worked on construction gangs and ranches in the West. While in the Pecos Valley he saw the building of the first road to Fort Stockton.

He then took a business course in Tyler and worked six months at no pay for an uncle. After this experience, he went to work for the Newton County Lumber Co. A

In 1910 he joined the R. B. Spencer & Company in Santo. It was in that year that he was married there to the former Ella Brannon. From 1917 to 1919 he was in the banking business in Santo and in 1920 he and his wife and daughter moved to Hamlin and he became a partner in R. B. Spencer & Co. His daughter died in 1942. His wife passed away in June, 1956.

He recalls the years of the depression in the late 1920's and early 30's when about 30 homes were turned back to the company because the owners could not make the payments.

In 1942 he took over the operation of Gray Lumber Co. and succeeded in making it into a profitable business.

After World War II Mr. Bryan built about 100 FHA homes in the northwest section of Hamlin.

lumber company he built about 10 more residences.

Over the years Mr. Bryan has been active in civic and industry affairs. He was twice president of the West Texas Lumbermen's Association; was on the board of The Lumbermen's Association for two terms; and out of 45 meetings he missed not more than four.

He has served on the school board and the city council and is a 32nd Degree Mason and a Shriner.

He recalls the time when the nearest neighbor lived 20 miles away and when he had to haul water seven miles from a seep spring, and it took three days to go for the mail. It took one day to go, one day in the wagon yard, and one day returning home.

Now, in his apartment, he enjoys hot and cold water at the turn of a faucet, the conveniences of gas, electricity, appliances, the telephone, television and the many other advantages of the modern age.

HEIDENHEIMER'S

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

I guess our conscience is brothing us — it seems that if we are to have the honor of being president of the West Texas Press Association we should at least try to be a little better newspaper publisher.

And while it is easy to find all kinds of excuses for not writing a weekly column we know better all of the time and know that for some reason, or another we should.

Like all of us we find it easy to say we don't have the time to do something but it seems that anyone can find the time for just about anything that they want to do.

We don't know how much our readers will benefit from this effort but we know that we will gain from the self-discipline involved.

We would like to thank all of you who expressed your congratulations to us on our selection for this honor.

We doubt that many of our readers realize that we are the second president to come from the Herald. The late Bowen Pope was the third president of the association, serving in 1929. We are the 38th.

Along with our father, Roy Craig of Stamford who was head of the organization in 1951, we are the third father-son combination to serve.

The need to promote the West Texas Tourist Industry was the theme running through much of the West Texas Press Association Convention held in San Angelo this past weekend. John Ben Shepperd, president of the West Texas Chamber of Commerce, called the tourist industry West Texas' greatest potential for growth.

State Senator Dorsey Hardeman of San Angelo pointed out the many attractions in West Texas just waiting to be promoted.

Both men expressed the need for West Texas to see West Texas.

And on Sunday the publishers were invited to tour the Caverns of Sonora.

For someone who saw Carlsbad Caverns years ago and was not too impressed, we were really impressed with Sonora.

The facilities there are excellent and it is rated by many as the most beautiful cave in the world. Maybe the only reason that you do not hear more about it is that it is not the biggest cave in the world and that would seem to be about the only way we Texans know how to brag.

But as for this writer, that, we think, was one of its biggest attractions. It is almost unbelievable how much beauty there is to be found in only a mile's walk underground.

After you get down into the "live" part of the cave you have the feeling that you would just like to sit down and spend some time just looking around you.

Since Sonora is only one of hundreds of the attractions to be found in West Texas it would benefit all of West Texas if we would become more tourist conscious but more important it would be a shame if we lived our lives here in West Texas but never took the time to see its beauty and learn more of its history.

If you are looking for something to do some weekend we would urge you to consider a trip to the Caverns of Sonora.

Commissioners Give Tentative Approval to \$558,000 Budget

Jones County Commissioners Court Monday gave tentative approval to a budget of \$558,000 — somewhat lower than for the last few years. For the current year, the amount was \$596,000.

County Auditor Carl Savage went over the proposed expenditures, department by department, and emphasized that fees of office were down considerable and that \$40,000 would have to be transferred from the general fund to take care of the payroll.

The tax rate, he said, can remain at the same figure as last year — 70 cents, despite the reduction in fees and a sharp reduction in oil and gas valuations.

The rate will be distributed as follows: Jury Fund, 2 cents; Road and Bridge Fund, 28 cents; and General Fund, 40 cents.

In Road District No. 1, which is roughly the northern one-third of the county, the tax will be reduced from 25 to 15 cents. Savage indicated this probably will be the last year that a tax will be necessary. The district will have sufficient money on hand to retire bonds voted to obtain right of way but will not do so until the bonds mature.

The auditor explained that the bonds carry an interest rate of slightly more than 3 percent whereas the district funds are invested at about 5 percent.

Farm Checks to Boost Economy \$3.5 Million

More than three and a half million dollars will be pumped into the economy of Jones County in the form of government checks for participation in the wheat, cotton and grain sorghum programs, it was learned by The Herald this week.

First checks are to be mailed shortly after August 15 and the balance will be processed as rapidly as possible with

sometime in November given as likely time for the work to be completed.

Brad Rowland, manager of the county ASCS office, said that the total amount of checks would be approximately \$3,542,432.76 with this money representing payment for diverting acres as well as support payments.

Most of the money, as could be expected, will be paid

in the cotton program. This will be higher than in previous years because there are many more acres being diverted.

Rowland said that some 2,300 farms in the county are participating in government programs with many of these included in more than one crop. Cotton farmers total 1,550; feed grain, 1,100, and wheat, 1,000.

For diverting cotton acres to some other acceptable crop, Jones County farmers will be paid \$957,632.76.

In the form of support payments, the checks will total \$1,384,800.00, making total payments in the cotton program \$2,342,432.76.

The grain sorghum program will see farmers receive \$800,000 and the wheat program one-half that amount, or \$400,000.

In addition, Rowland said that farmers of the county will receive about \$82,000 for conservation practices but this money must be spent on approved practices and must be matched by equal expenditure on the part of the farmer.

Committee Urges County to Buy Building for More Office Space

Additional office space for county activities may be obtained in a building away from the courthouse. After hearing a report of a county-wide committee which made this recommendation, the Jones county commissioners court Monday instructed Judge Leon Thurman to obtain prices on buildings that are available in Anson.

It was the consensus of the committee that both the county agent and home demonstration agent, as well as the state welfare office, be moved from the basement into this building.

Space in the basement which

thus would be vacated would be remodeled to accommodate the tax collector who already has some storage space in the basement.

It was suggested, too, that the surplus foods distribution center which now is in a rented building, could be moved into the building to be acquired. This would reduce utilities bills as well as be a saving of the rent.

The committee, headed by former county judge H. G. Andrews Jr. of Stamford, made no recommendation about repairs on the building. Several ideas were advanced but were rejected.

At Monday's meeting of the commissioners no action was taken looking toward repairing the exterior of the building which is in poor condition.

Judge Thurman said he would try to have information ready for the court when they get together again on Friday of this week or at least by the time they hold a public hearing on the budget on Aug. 31.

The question of financing needed repairs has never an issue. The county has more than \$53,000 in the permanent improvement fund.

Proposed CONSTITUTIONAL AMENDMENT
NUMBER SEVEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.

HOUSE JOINT RESOLUTION NO. 13 proposing an Amendment to Sections 2 and 4 of Article VI of the Constitution of the State of Texas as so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 2 of Article VI of the Constitution of the State of Texas be amended, effective February 1, 1968, by deleting the following language:

"and provided further, that any voter who is subject to pay a poll tax under the laws of the State of Texas shall have paid said tax before offering to vote at any election in this State and hold a receipt showing that said poll tax was paid before the first day of February next preceding such election. Or if said voter shall have lost or misplaced said tax receipt, he or she, as the case may be, shall be entitled to vote upon making affidavit before any officer authorized to administer oaths that such tax receipt has been lost, such affidavit shall be made in writing and left with the judge of the election. The husband may pay the poll tax of his wife and receive the receipt therefor. In like manner, the wife may pay the poll tax of her husband and receive the receipt therefor."

"provided, however, that before offering to vote at an election a voter shall have registered annually, but such requirement for registration shall not be considered a qualification of an elector within the meaning of the term 'qualified elector' as used in any other Article of this Constitution in respect to any matter except qualification and eligibility to vote at an election. Any legislation enacted in anticipation of the adoption of this Amendment shall not be invalid because of its anticipatory nature. The Legislature may authorize absentee voting. And this provision of the Constitution shall be self-enacting without the necessity of further legislation. Any member of the Armed Forces of the United States or component branches thereof; or in the military service of the United States, may vote only in the county in which he or she resided at the time of en-

tering such service so long as he or she is a member of the Armed Forces."

Sec. 2. That Section 4 of Article VI of the Constitution of the State of Texas be amended by changing the word "may" to "shall" in the last clause thereof and by deleting the words "in all cities containing a population of ten thousand inhabitants or more."

The text of this Section, as so amended, is shown below, with the deleted language marked through by a broken line and with the new language underscored:

"Section 4. In all elections by the people, the vote shall be by ballot, and the Legislature shall provide for the numbering of tickets and make such other regulations as may be necessary to detect and punish fraud and preserve the purity of the ballot box; and the Legislature shall provide by law for the registration of all voters in all cities containing a population of ten thousand inhabitants or more."

Sec. 3. If any other Amendment to Sections 2 or 4 of Article VI of the Constitution of the State of Texas, being for a different purpose, is adopted at an earlier election or at the same election, the adoption of this Amendment shall not be construed as nullifying any change made by such other Amendment.

Sec. 4. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the state at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed thereon the following:

"FOR repealing the poll tax as a requirement for voting."

"AGAINST repealing the poll tax as a requirement for voting."

Sec. 5. If the foregoing Amendment is adopted, the proclamation of the Governor declaring the adoption of the Amendment shall set forth the full text of the amended Sections, as amended herein and as amended by any other proposed Amendment which is submitted by the 59th Legislature and which has been duly adopted prior to such proclamation.

Sec. 6. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

FAIRVIEW NEWS...

After such a long dry, hot spell, we did have some rain Saturday night. The amounts varied in different parts of the area, but our rain gauge showed 1.2 inches. It was heavier west and lighter east, but at least it cooled things off and the weather man is promising us more.

Mrs. Joe Ford spent some time in the Hamlin Hospital last week, having some tests run, she reports that she is feeling some better.

Mr. and Mrs. Henry were absent last weekend, we learned they had spent four days in Elgin with their son, W. C. Henry and family, getting to see a new great-granddaughter while there. Mrs. Henry also reported that they passed through Austin Monday morning, a short while before the tragedy began and they always looked at the tower of the University when passing through, because of a tragedy

associated with it in their minds.

The Woodrow Goodwins arrived home Thursday, after having visited in Sacramento, Calif. with his brother, Mr. and Mrs. A. Goodwin. Also living in Sacramento, are Mr. and Mrs. Jimmy Murphee and children, a nephew of Mr. Goodwin. They visited with them. They returned home by way of Carlsbad, N. Mex., where they visited with Mr. and Mrs. Elmer Smith and Mr. and Mrs. Tom Dixon, a sister and brother of Mrs. Goodwin.

Mr. and Mrs. Fred Rosenbaum went to Lubbock Sunday, where they attended the annual Moss reunion, which is held in McKenzie Park.

Ronald Joiner, Stamford, spent Thursday and Friday with his grandparents, the Elmer Joiners.

Rev. and Mrs. R. M. Babb attended the revival at Tuxedo

last Wednesday night.

The Home Demonstration women had their hat sales, as planned, last Tuesday at Hamlin, and Wednesday at Stamford. Owing to a mixup in shipping Tuesday morning came with no hats to sell, but after a mad dash to Stamford, part of a shipment was located, and the sale was held in Hamlin. The next morning Stamford had just as much trouble finding any hats, but located a full shipment in Hamlin, so with the generosity of Mr. Newberry in hauling hats around for the ladies, the sales were held. We wish to thank all of those that came and helped us out.

Saturday, which was Aug. 6, was my oldest son's birthday, so naturally my thoughts were on him. Sunday morning when I got up and opened the back door, starting to the rain gauge, he was standing beside his car. Made me wonder if I was seeing things, but he and son, Jerry had come in Saturday night, to take Mr. and Mrs. Charlie Durham back to Odessa, for a visit, and had come out for breakfast with us. He was waiting for us to get up.

Mr. and Mrs. H. L. Ford and Diane visited with the Flavel Holmes, Sunday afternoon. Saturday night visitor was Mrs. Earl Herbst, Hamlin.

Mr. and Mrs. Winson Gray went to Anson, Sunday from church, and visited with his parents Mr. and Mrs. E. C. Gray, A sister, Mrs. John Mackey, Los Angeles, Calif., was also present.

The revival will begin Friday night, at the Fairview Church. The visiting evangelist will be here Saturday, but services will be held Friday-day night. We urge all of our friends to come by with us in this series of revival services. Several people met at the church house this Monday morning and readied the house and yard, hoping to have lots of people coming to our services. Day services will be held, Monday through Friday.

Are there really any sound reasons for buying a Chevrolet in August?

During August, it's as easy to own a Bel Air 4-Door Sedan as getting in the car.

Wait till you see how sporty you look sitting in your Impala Super Sport.

In a word: Six

1. Have you ever known the instant delight of selecting a new Impala Super Sport in the color you want, slipping into its Strato-bucket seats, and driving it home from the showroom the same day? Now's your chance. Your Chevrolet dealer has a big choice of models on hand with small August price tags.
2. More than likely, your present car will never be worth as much in trade as it is right now. Money—another good reason to buy a Chevrolet this month.
3. Read those articles about when to buy a new car and they'll tell you that August is one of the best months. And your Chevrolet dealer is ready to show you why... with buys that are better than ever.
4. If you think winter's tough on an old car, believe us, so is summer. There's added strain on the engine because of vacation driving. Greater tire wear. The cooling system has to work extra hard. A new Chevrolet can save you a lot of trouble.
5. You do a lot of driving for pleasure so why not ride on Chevrolet's Full Coil suspension. Let your feet feel that deep-twist Chevrolet carpeting. August is to enjoy.
6. Make your summer driving safer driving by taking advantage of the eight standard safety features built into every new Chevrolet. If your present car doesn't have seat belts, back-up lights, outside rearview mirror, padded instrument panel, look into a new Chevrolet.

A Radiant CLEAN LIFE

The housewife cleans her home until it shines with a radiance that gives contentment and joy to those who view it.

It pleases God to see our lives clean and wholesome. We all need help, to keep our lives clean. David prayed to God for help in this matter. "Create in me a clean heart, O God; and renew a right spirit within me."

Lean upon the Lord. Seek his help and he will not deny it. Attend church this Sunday and let your life be centered in the Lord.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

SYLVESTER NEWS...

By Mrs. R. M. Babb

We really had a nice rain, some 3.35 inches this past week and how we appreciate it every bit.

Mr. Roy Roquemore has gone to Colorado to spend some time with his daughter and family. We know he will have a good time with those grandchildren.

Mrs. Carra Perkins returned home last week having spent several weeks in her daughter's home in Irving. Doris had surgery in June and is doing real well.

Robert Montgomery and family of Alabama spent last week visiting his parents, the J. M. Montgomerys and his sister's family, the Porters in Roscoe.

Mrs. Joyce Poore of Abilene is helping care for her sister, Mrs. Ella Scott, who is in the Hamlin Hospital. At this writing she is much better.

Mrs. Bill Wood of Colorado City and Mrs. Hobert Wood of O'Donnell spent a few hours in the home of their aunt, Mrs. John Edwards last Friday. They were on their way to Stamford to attend a family reunion.

Mrs. Alfred Douglas, with her sister, were in Austin last week when the tragedy occurred, only a few blocks north of the Tower. Mrs. Douglas' sister will be living in Austin now.

Mr. and Mrs. Jack Gann have had grand children from Abilene and San Angelo visiting with them these past weeks.

Mrs. Allie Ward of Hamlin spent several days in her daughter's home, the Roy Kiser's.

The Perkins reunion was held at the Walter Estes home east of Sylvester over the week end. It was well attended.

Another reunion this past weekend was the Maberry reunion in Sweetwater and was well attended.

Mrs. Gladys Williams is in Southland at her daughter's home. Eva Jean is ill in a Lubbock hospital.

Mr. and Mrs. Hugh Hood helped their daughter and family to move to Ft. Stockton this week end. William and Pam Stevens and son have been living in Sweetwater.

Cowans Have Son

A son, Max Mitchell, was born to Mr. and Mrs. Max E. Cowan of Denison Tuesday at 12:30 a. m. in Denton. He weighed 7½ lbs.

Local Head Start Program Prepares 45 Students for School

The Hamlin Summer Headstart Program ended its first term last Friday after eight weeks of operation. A total of 45 children attended. Children entering the first grade this year should be the best prepared group in many years.

Creative activities were stressed so that children would have a positive attitude toward school and learning in

general. Much time was spent in reading readiness so that pupils will have a much better chance to do successful work in the first grade. Children were given the Peabody Picture Vocabulary Test and the Metropolitan Readiness Test. These tests will be made a part of each child's cumulative school record. Children should more readily adjust to the regular school atmosphere and have experienced how to get along with other children.

An extensive immunization program was carried out through the medical provisions of the program. Children who had not received immunizations were immunized against smallpox, typhoid, diphtheria, whooping cough, tetanus, polio, and measles. Children were given complete physical examinations at the Hamlin Hospital and lab tests were made for each child.

Dental examinations were given to each child by Dr. James Harrison and dental care provided.

Many parents have expressed appreciation of the opportunity for their child to attend the Headstart program and feel that the program will greatly enhance the chances of their child doing more satisfactory work in the first grade.

At 78, Paul Bryan Decides He Is Too Old to Start New Career

By BARBARA CRAIG
Paul Bryan, former lumberyard owner and builder here, has decided following his 78th birthday Wednesday that that is not the age to launch a new career.

In addition to spending 51 years in the lumber business, he has been a building contractor and was in banking for several years.

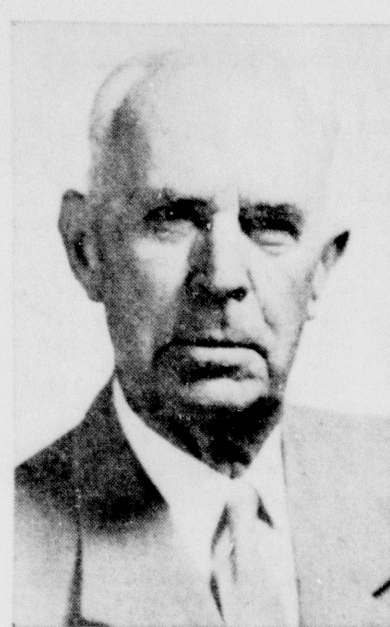

He retired once in December, 1959, when he sold his retail lumberyard to his nephew, Wilson Brannon. Later he continued to do some building and then when construction began on a low rent housing project here, he became the administrator. He filled this position during the building and renting of the units.

Now, he says it is too late, at 78, to begin a new career, so he is retiring.

His family was in the lumber business, long before he was born. In 1854, Mr. Bryan's grandfather bought 4,444 acres of East Texas timberland and came to Texas from Alabama with his own wagon train, consisting of 15 covered wagons, one buggy and one closed carriage. He bought 50 slaves, a hired overseer and large herd of cattle.

Mr. Bryan was born Aug. 10, 1888, in Shelby County and started work at an early age in his father's sawmill. At the age of 15 he left home and worked on construction gangs and ranches in the West. While in the Pecos Valley he saw the building of the first road to Fort Stockton.

He then took a business course in Tyler and worked six months at no pay for an uncle. After this experience, he went to work for the Newton County Lumber Co. A

saw mill near the Louisiana line.

In 1910 he joined the R. B. Spencer & Company in Santo. It was in that year that he was married there to the former Ella Brannon. From 1917 to 1919 he was in the banking business in Santo and in 1920 he and his wife and daughter moved to Hamlin and he became a partner in R. B. Spencer & Co. His daughter died in 1942. His wife passed away in June, 1956.

He recalls the years of the depression in the late 1920's and early 30's when about 30 homes were turned back to the company because the owners could not make the payments.

In 1942 he took over the operation of Gray Lumber Co. and succeeded in making it into a profitable business.

After World War II Mr. Bryan built about 100 FHA homes in the northwest section of Hamlin.

lumber company he built about 10 more residences.

Over the years Mr. Bryan has been active in civic and industry affairs. He was twice president of the West Texas Lumbermen's Association; was on the board of The Lumbermen's Association for two terms; and out of 45 meetings he missed not more than four.

He has served on the school board and the city council and is a 32nd Degree Mason and a Shriner.

He recalls the time when the nearest neighbor lived 20 miles away and when he had to haul water seven miles from a seep spring, and it took three days to go for the mail. It took one day to go, one day in the wagon yard, and one day returning home.

Now, in his apartment, he enjoys hot and cold water at the turn of a faucet, the conveniences of gas, electricity, appliances, the telephone, television and the many other advantages of the modern age. From the horse and buggy
